HOW IT WORKS

The mission of the RPM-Academy Global Partner Program is to provide a turnkey Lean Six Sigma training resource for selected partners to leverage for their existing blended (on-line, in-class) training programs and/or for the generation of new monthly subscription revenue... a new source of passive income.

KEEP YOUR COSTS AS LOW AS POSSIBLE!

After completing their assigned courses or program, a student can be **deactivated** and another student can take their seat!

Managing your students effectively can result in hundreds of students trained with a low-cost perpetual minimum 25 seat license at **\$9.60 USD/month**.

A deactivated student's records remain intact should they be reactivated at some time in the future.
